GALLERY WRAPS

We offer Fine Art Canvas Gallery Wraps in sizes between 11x14 and 40x60. Gallery Wraps arrive complete and ready to hang on the wall the moment they are received.

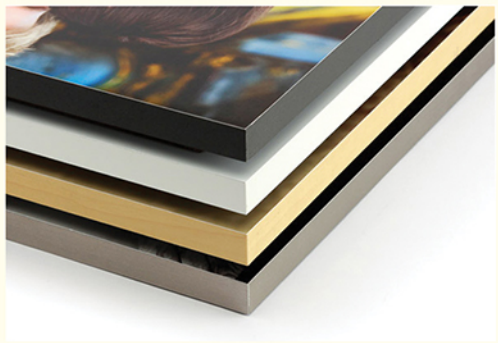
Gallery Wraps are available printed on a fine art canvas using an inkjet process.

Your image may be printed larger than the final print size so that it can be wrapped around the wooden frame, or often clients prefer black sides. Our Gallery Wraps are made with real wood in 1-1/2" depth. Mix and match lengths to create the perfect custom size. For example, you could do 4-10x10's and 4 - 20x20's with a total of eight different images that would fit together on your wall like a puzzle creating a 30x40" foot print.

All gallery wraps include a matte, semi-gloss, or high gloss laminate to protect the gallery wrap from scuffs, scratches, and cracking. The laminate also provides UV light protection.

They come with a wire hanger without paper backing and ready to hang. These have been a favorite in our studio because they are similar to a painting in that the image is on real canvas on stretcher bars. This also allows us the option to paint by hand on top of the image and further resembling a real painting and creating a unique one of a kind piece of art.

STANDOUTS



Standout is the perfect contemporary mounting option that doesn't require a frame to hang on the wall. The sleek edges and sides of the Standout mount can create a modern wall display with the focus all on the image. Standout is available in ¾" depth.

Standout is made from lightweight foam banded with a Black, White, Light Wood, or Stainless Steel edge and comes ready to display with hanging holes on the backside.

Photographic prints, Fine Art Canvas and Fine Art Velvet prints can be mounted onto the front of Standout. Mix Lustre, Glossy, and Metallic photographic paper types in one Standout order. Standout is currently available in popular sizes from 8x10 to 30x40.

PRESS PRINTED BOOK

Our Press Printed Books are unmatched in print quality, craftsmanship and turnaround time! Covers

All press book covers are made with masonite to give the books a smooth, substantial feel. Choose from many cover material options including a variety of fabrics, leathers and suedes, or a custom photo cover in lustre or metallic.The photo cover allows for complete customization on the front, spine, and back of the book using your images and our designs.

Create a Combo Cover by mixing and matching a fabric or leather option with a Custom Photo Cover. Choose to have a custom photo on the front right and back left of the cover with the spine wrapped in a fabric or leather or have the custom photo on just the front right of the cover and the fabric or leather wrapped around the spine and entire back of the Album cover.

Additionally, enhance the cover of your book with a photographic dust jacket or cover foil stamping. A dust jacket is a photographic print laminated and creased to wrap around the cover of the book. It protects the cover and provides another option to personalize your book by using images, text and graphics.
